

A DECLARATION OF JOINT WORKING

BETWEEN

AstraZeneca UK Ltd

AND

Leeds Teaching Hospitals NHS Trust

Leeds Teaching Hospitals NHS Trust and AstraZeneca are engaged in a Joint Working project called “Post MI Medicines Optimisation Clinic”

This project will run from February 2016 to July 2017 and both parties have contributed resources for this initiative.

The aims of this joint working project are to:

- Building on research conducted in this field, the aim of the medicines optimisation clinic will be to provide a comprehensive medicines review for patients with cardiovascular disease who have recently suffered a myocardial infarction (MI) and to test if this intervention improves patient outcomes.
- With the objective of enabling patients to share their medicines-taking experience and provide them with the necessary support to maximise their benefit from their medicines and reduce the risk for developing adverse drug reactions.
- The clinic objective will be to adopt a patient-centred approach and shared-decision making strategies to enable the establishment of true medicines partnership.
