

A DECLARATION OF JOINT WORKING
BETWEEN

UCL Partners hosting a service improvement project with University College London (UCL), University College London Hospital (UCLH) and Royal Free Hospital (RFH).

AND

AstraZeneca UK Limited

UCL Partners and AstraZeneca are engaged in a Joint Working project to help improve and expand the current Familial Hypercholesterolaemia (FH) service for UCLH and RFH.

This project will run from August 2013 to July 2016 and both parties have contributed resources for this initiative.

The aims of this UCL Partners service improvement project include:

- To identify and ensure appropriate referral of FH patients from primary care into the FH clinic
- Where appropriate, genetic testing to be administered to confirm diagnosis
- Positively identified patients are cascaded using the PASS database
- Educating and up skilling health care professionals
