Project title	Swanscombe Health Centre - Establishing Quality Improvement Through Partnership (EQIP).
Duration	09/06/2025 to 31/12/2025
Project partners	Swanscombe Health Centre and AstraZeneca UK Limited
What was the issue to be addressed?	1. Support HCPs with their understanding of NG28 guidelines and effective treatment for people living with type 2 diabetes mellitus. 2. Identify at risk patients aligned to NG28 guidelines through the implementation of a clinical search. 3. Provide capacity support, in partnership with the NHS, to review high risk patients. 4. Embed high quality type 2 diabetes care through implementation of a NG28 clinical template. 5. Provide a framework for evidence capture and CQC audit readiness
What were the results?	800 T2DM patients were reviewed over the project duration with 253 patients optimised onto guideline-directed medical therapy.
